Omschrijving

The **OS-365A** is equipped with a **magneto-dynamic horn siren** mainly suitable for family houses or for buildings with more space around them. **Two tamper switches** are built into the unit. They react to removing the cover from the unit or removing the siren from the wall. The siren's housing is made of mechanical-, weather- and UV-resistant plastic. The circuit board is protected against air humidity by a double layer of varnish.

Technische specificaties

Power supply	10 to 17 V DC
Current Consumption	< 50 mA / 12 V
Backup battery	NiCd pack 4.8 V / 1800 mAh Lifetime approx. 3 years
Electro-acoustic siren sound level	110 dB /1 m
Siren timer	5 minutes
Flasher timer	30 minutes
Resistance of the tamper loop in stand-by	< 70 Ω
Security grade 2 (without internal cover)	EN 50131
Environmental class IV	-25 to +60°C
Dimensions	230 x 158 x 75 mm

IČ: 28668715. SPOLEČNOST ZAPSANÁ U KRAJSKÉHO SOUDU V ÚSTÍ NAD LABEM. ODDÍL B. VLOŽKA 1957
