News Alert - July 2009

VSO and INCERT certification for OASIS

The **JA-82K, JA-82R, JA-82C, JA-80Y, JA-80/81M, JA-80P, JA-80F, RC-86** have achieved **VSO (Austria)** and **INCERT (Belgium)** national professional market certification requirements in the two mentioned countries.

Verband der Sicherheitsunternehmen Österreichs

The new JA-80Z repeater

The **JA-80Z** is a new device which **extends the radio range** between the **control panel** and the **radio components** of the Oasis system, such as detectors, remote controls etc by the **selective signal-retransmission** of up to **40 devices**.

Available now.

See **more info** via this [JA-80Z link](#)

The new SD-280 wired fire detector

The **SD-280** is a new **optical fire detector** to **replace** the popular **SD-212SP**. It can be configured as follows: **Smoke and heat, smoke or heat, smoke only, heat only**. It has a selectable **alarm memory** function where the LED still lights after the alarm state is over. The unit is certified to **EN-54-5**, to **EN 14604** and to the **Construction Products Directive** (No. 1293-CPD-0095).

Available now.

See **more info** via this [SD-280 link](#)

JK-15 and JK-06 kits altered

These two pre-programmed kits will **no longer include** the **RC-28 remote control**.

Public Holiday

The **6th July** is a **public holiday** in the Czech Republic, so Jablotron will be **closed** on that day.
