

PC-02B RFID entry keyfob - Black

The PC-02B is a black keyfob RFID card (standard EM UNIQUE 125kHz). The system can assign up to 50 keyfobs. For added protection, use the keyfob while entering the code.

Can be used on the JA-81F, JA-81E, JA-80F, JA-80E, 80H-JA or JA-80N.
