

JA-150G-CO Wireless module for connection of an Ei208W(D) CO detector

This is a plug-in module designed for direct installation in a stand-alone Ei208W or Ei208DW CO detector, which enables its wireless connection to the JABLOTRON 100+ system.

○ [Declaration of conformity - JA-150G-CO \(PDF 318.92 kB\)](#)

Description

It transmits information about an alarm, detector activation and detector battery status to the system. It occupies one position in the system.

Technical specifications

Power	from Ei208(D)W battery
Communication frequency	868.1 MHz, Jablotron protocol
Maximum radio-frequency power (ERP)	6 mW
RF range	approx. 300 m (open area)
Dimensions	109 x 24 x 22 mm
Environmental class	II. Indoor general (acc. EN 50131-1)
Operational temperature range	-10 °C to +40 °C
Comply with	ETSI EN 300 220-1, EN 50130-4, EN 55022, EN 60950-1, EN 50581
Operational conditions	ERC REC 70-3
