

PC-01 Access card

The **PC-01 access card** is a **proximity card** (RFID EM UNIQUE 125kHz). Up to **50 cards** can be used in the Oasis system and **120** cards in the AS-80 access system.

Descripción

For higher security each card can be **combined with a digital code** (PIN). It is possible to print **your artwork on the card** (using some computer printers).
